Dear Authors,

Greetings from Journal of
Southwest Jiaotong University,

Thank you so much for being so
interested in submitting your
research to
our Journal of Southwest Jiaotong
University.

Three independent experts in the
field have reviewed your
manuscript.

We are pleased to inform you that
the paper has been accepted for
publication subject to minor
revisions being made in response
to the
reviewers' comments given below.

The article, strictly formatted according to the template recommendations for authors and correct the article on the reviewers' recommendations, see <http://jsju.org/JournalTemplate.docx>, responses to reviewers, and proof of payment.

All revisions should be highlighted in the article in blue. We hope you will do great.

1. Please add the purpose and a novelty of the results to the abstract (2 sentences).
2. Add 3-5 research hypotheses and show in the RESULTS section how they are tested and proven.
3. Authors should explain better the criteria for selecting the research object and the limitations of the application of the results obtained should be specified.
4. Authors should explain the academic contribution of the work

4. Authors should explain the academic contribution of the work developed (150 words in conclusion). Highlighting what is innovative/original about the existing literature.

This paper is novel because it seeks to contribute to the current debate

in the literature.....The scientific novelty of the article also consists of a conducted large-scale study describing the author's theoretical and practical prerequisites.....

Deadline for corrections and payment: August 14, 2021.

*Please include the invoice number in the payment note.

** Please write in the subject of the email: revised article and payment foto.

 4. Authors should explain the academic contribution of the work developed (150 words in conclusion). Highlighting what is innovative/original about the existing literature.
- This paper is novel because it seeks to contribute to the current debate in the literature. ...The scientific novelty of the article also consists of a conducted large-scale study describing the author's theoretical and practical prerequisites.....

Deadline for corrections and payment: August 14, 2021.

*Please include the invoice number in the payment note.

** Please write in the subject of the email: revised article and payment foto.

Journal of Southwest Jiaotong University charges Publication Fee at the rate of EUR 350.00. All articles published in our journal are open access and freely available online, immediately upon publication.

We recommend that the authors use the academic text editing service for the scientific articles, not just proofreading. Please use the American English option. We recommend the use of large, trusted companies with editors having a Ph.D. degree. You should also attach an editing certificate or use the editorial office services. Articles that native English speakers do not edit are not allowed for publication. The editorial team provides academic proofreading services for the authors at an additional cost - EUR 80 (word count depends), if you don't attach an official English editing certificate. The fee's already included in the invoice.

Southwest Jiaotong University:

Open access - free for readers, article processing fee (APC) paid by authors or institutions.

High visibility: indexed in many databases.

Subject Area and Category: multidisciplinary.

Rapid publication: manuscripts are peer-reviewed. The first decision is given to authors about 20 days after submission; acceptance for publication after revisions is done within 2-5 days (averages for articles published in this journal in the second half of 2020).

Recognition of reviewers: Reviewers who provide thorough review reports promptly receive vouchers that entitle them to a discount on the APC of their next publication.

Please read our published articles <http://jsju.org/index.php/journal/issue/archive>.

Yours sincerely,

翟婉明

Title of your paper: THE POTENTIAL OF CORONA VIRUS (COVID-19) TRANSMISSION IN MEDAN CITY

Author(s): Henny Syapitri*, Janno Sinaga, Ivan Elisabeth Purba, Juneris Aritonang, Masri Saragih

Keywords: COVID-19, Medan, survey, social distancing, transmission potential

Abstract: This study aimed to identify the potential of COVID-19 transmission in Medan City, Indonesia by utilizing a quantitative descriptive design with survey method based on questionnaire administration on Google Form. A total of 293 respondents were selected as research sample through accidental sampling technique. This study obtained that the majority of the respondents travelled outside the city/ country, with the number of respondents was 195 (66.4%); 210 respondents (71.7%) used public transportation such as online and public transport; 54 respondents (18.4%) were in the area where the patient was infected. This survey also include the parameter of wearing mask, social distancing, hand contact, cash for payment, washed hands before or after touching an object, visiting outdoor activities, soak their clothes after arriving home and history of chronic disease. This research conclude that positive confirmed cases in Medan city demonstrate fluctuate trend as the infected COVID-19 cases from the respondent with frequent travel history.
