

ABSTRAK

Penelitian ini bertujuan untuk mengetahui pengaruh kehadiran siswa dan perhatian orang tua yang dilaksanakan di SD Negeri 066652 Bakti Luhur pada bulan Juni Tahun Ajaran 2020/2021. Jenis penelitian ini adalah penelitian kuantitatif. Penelitian ini menggunakan teknik pengumpulan data yaitu angket, wawancara dan dokumentasi serta analisis data menggunakan uji hipotesis yaitu analisis korelasi parsial dan analisis korelasi ganda. Hasil penelitian menunjukkan bahwa $t_{hitung} < t_{tabel}$ atau $0,431 < 2,074$ atau $0,431$ lebih kecil dari $2,074$, maka terdapat pengaruh positif antara Kehadiran Siswa dan Perhatian Orang Tua Pada Pembelajaran Daring terhadap Hasil Belajar Siswa kelas I SD Negeri 066652 Bakti Luhur. Sedangkan $F_{hitung} < F_{tabel}$, atau $2,080 < 3,49$ maka terdapat hubungan yang signifikan antara kehadiran siswa dan perhatian orang tua terhadap hasil belajar siswa kelas I SD Negeri 066652 Bakti Luhur dengan koefisien determinan sebesar 17,22%.

Kata Kunci: Kehadiran Siswa, Perhatian Orang Tua dan Hasil Belajar

ABSTRACT

This research aimed to find out the influence of student attendance and the parents attention on learning outcomes carried out in state elementary school 066652 Bakti Luhur on June of academic 2020/2021. This type of research was quantitative research. This research used technic of data collection techniques that was questionnaires, interviews and documentation and for data analysis using hypothesis tests namely partial correlation analysis and multiple correlation analysis. The outcomes of research showed that $t_{count} < t_{table}$ or $0.431 < 2,074$ or 0.431 smaller than $2,074$, thus there was found the positive influence between the presence of student and parents attention to online learning to students learning outcomes of state elementary school grade 1 Bakti Luhur. Whereas, $F_{count} < F_{table}$, or $2,080 < 3.49$, thus there was found in significant correlation between the presence of students and the parents attentions to learning outcomes grade 1 of state elementary school 066652 Bakti Luhur. With in determinant coefficient of 17.22%.

Keywords: *Student Attendance, The Parents Attention and Learning Outcomes*
